To all persons afficied with Gravel.

I Mr. J. F. Cowan:—Dear sir:—I hereby certify that in the summer of the year 1863, a servant of mine, a boy about 19 years of age, who had always before this time been stout and of a vigorous constitution, was attacked with gravel. A Physician was called who attended on him for several months, during which time he grew worse daily, until he was helpiess, and I believe would have died in a few days had it not been for a friend, who advised the use of Cowan's Lithontriptic. I procured a few bottler, the first of which gave him relief, and in a short time he was able to walk about, and finally fully recovered; since which time he has had no symptoms of said disease, and to all appearance is as healthy as any servant on my plantation. I there fore recommend it to all persons suffering under like disease, as one of the most certain remedie known.
